SESSION: Regular

COMMISSION DIRECTIVE

ADMINISTRATIVE MATTER		DATE	October 29, 2008
MOTOR CARRIER MATTER		DOCKET NO.	2008-302-Е
UTILITIES MATTER	~	ORDER NO.	

SUBJECT:

DOCKET NO. 2008-302-E - Application of South Carolina Electric and Gas Company for Mid-Period Adjustment in Two Phases of Base Rates Charged by South Carolina Electric and Gas Company for the Recovery of Fuel Costs Associated with Its Service to Retail Electric Customers - Hearing was Held on October 20, 2008. Discuss this Matter with the Commission.

COMMISSION ACTION:

PRESIDING: Fleming

Move that this Commission approve an increase to SCE&G's base fuel component of its electric retail rates from 2.641 cents per kWh to 3.291 cents per kWh, effective for bills rendered on and after the first billing cycle of November 2008. However, I also move that this factor shall remain in effect until the decision in the Company's next annual review of base rates for fuel costs in 2009. Further, I move that the current approved environmental fuel components shall also remain in effect until the decision in the next annual review is rendered, and would note that the 3.291 cents per kWh factor that would be approved under this motion does not include the environmental fuel components. Lastly, I move that this Commission approve the Settlement Agreement reached by the parties to this Docket as being in the public interest.
